Introduction

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report and supporting schedules with weekly YTD FY2021 actual results compared to the FY2021 Liquidity Plan and FY2020 actual results.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.
- Data limitations and commentary:
The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.

Liquidity Plan Projected Cash Balance 2/12/21:	\$ 8,857	1. TSA receipts of state collections are approximately \$815M ahead of plan. Positive variance can be attributed to recent revenue outperformance across various concepts.
1 State Collections	815	Portions of outperformance are temporary in nature.
2 PayGo Receipts	56	2. YTD PayGo Receipts are higher than forecast due to payments received in FY21 from certain Component Units for FY20 invoices. These late payments constitute a permanent variance.
3 Other State-Funded Disbursements	(40)	3. Other state-funded disbursements variance is primarily driven by a reprogramming of \$34M in FY20 budgeted capital expenditures to ASEM for CapEx spend in FY21. The transfer of these funds to ASEM was executed August 10, 2020 and will cause a permanent variance to the Liquidity Plan as the reprogramming occurred after the TSA Liquidity Plan was finalized.
4 All Other	171	4. All other variance is driven by temporary delays in other disbursements including tax refunds (+\$91M), budgetary milestones (+\$45M), and custody account transfers (+\$45M).

FY21 TSA Cash Flow Actual Results - Footnotes

Footnotes:

- (a) Represents FY2020 actual results through February 14, 2020.
- (b) Represents gross tax collections received and deposited from all Hacienda Collection Posts, through the Hacienda Colecturia Virtual (online) and/or SURI. Additionally, as of the date of this report, the "General Fund Collections" line item includes unreconciled collections due to DTPR transition to collecting various gross tax receipts through the new SURI system. The transition from the Hacienda Colecturia collections system to SURI is ongoing and as such, revenue concept detail for the general tax SURI collections is not available at this time for the portion of collections received by the new general tax SURI account. This resulted in timing-related unreconciled gross collections which will be retroactively allocated to "General Collections" as appropriate once this information becomes available.
- (c) These revenues are collected by DTPR and immediately appropriated.
- (d) Inflows related to the State Insurance Fund, the Department of Labor and Human Resources, the Commissioner of Financial Institutions, interest earned on TSA bank accounts and others. As of the date this report the TSA has received \$8M in interest income in FY21 from earnings on the TSA cash balance.
- (e) As of February 12, 2021, there are \$265M in collections in the SURI sweep account pending reconciliation and transfer to the TSA.
- (f) Represents total gross payroll. Gross payroll includes net payroll disbursed to government employees, cash transfers to the Police Department for payroll costs, and other payroll related costs (employee withholdings, social security, insurance, and other
- (g) Includes payments to third-party vendors as well as intergovernmental payments to agencies with separate Treasuries.
- (h) Includes Federally Funded Employee Retention Credits.
- (i) These line items include transfers out of the TSA related to the COVID-19 Emergency Measures Support Package. Total TSA outflows related to the COVID-19 Emergency Measures Support Package are approximately \$493M as of February 12, 2021. Of this amount, \$459M was disbursed in FY2020 and \$34M in FY2021.
- (j) Excludes BPPR Clawback Accounts (for clawback revenues prior to June 2016) of \$147M.

General Fund Collections Summary

Key Takeaways / Notes

General Fund Collections Year to Date: Actual vs. Forecast (\$M)

- 1.) Accumulated collections into TSA sweep accounts are now consistently transferred to the TSA with a 2-4 day lag. This will result in lower, more stable balances in the sweep accounts and more predictable transfers to the TSA when compared to 1Q of this fiscal year. Motor Vehicle outperformance is the result of higher than expected vehicle sales, especially in the truck category. As of the date of this report, there were \$265M in collections in the SURI sweep account pending transfer to the TSA. Other General Fund revenue includes \$199M of Income Tax from Partnerships, most of which represents positive variance against projections for this category of revenue. Other General Fund revenue also includes receipts that have not been allocated to other concepts and this amount is approximately \$54M. Due to the on-going transition of various gross tax collections from Hacienda Colecturia to SURI, revenue concept detail for general tax SURI collections from February 1, 2021, through the date of this report is not available at this time. This collections schedule will be updated as information becomes available.

Other State Fund Collections Summary

Key Takeaways / Notes

- 1.) Other state fund collections are ahead of the Liquidity Plan. Positive "All Other" variance in Other State Collections is mainly due to +\$106M collections by the new Gaming Commission. The Liquidity Plan did not consider a projection for Gaming Commission collections nor the subsequent disbursements to hoteliers & others of these funds (as this flow of funds was previously managed outside the TSA by the PR Tourism Company). Therefore, despite the positive variance presented in the table to the right, this is offset by approximately \$77M in outflows of these receipts for a net variance of +\$30M. However, this variance is assumed to be temporary in nature, as inflows and outflows should be net cash flow neutral over the long term. Remaining offsetting variances are mostly assumed to be temporary and due to timing, as special revenues and other collections may be received with irregular cadence.

Key Takeaways / Notes

- 1.) Receipts for the Nutritional Assistance Program (NAP) and Medicaid (ASES Pass-through) are received in advance of the subsequent pass through disbursements. Federal Funds received for Payroll and Vendor Payments are typically reimbursed following disbursement. Currently, there may be temporary surplus / (deficit) due timing differences relating to prior year carryover. Puerto Rico received \$2.24 billion from the Coronavirus Relief Fund (CRF) established under the CARES Act. These funds are held in a separate account outside of TSA and being disbursed according to the Strategic Disbursement Plan. Some of the measures are initially paid out through TSA, and later reimbursed from the CRF account. Additionally, the Commonwealth received \$325 million pertaining to the federal Emergency Rental Assistance program established by the COVID-19 relief package signed in to law on December 27, 2020. These \$325 million were deposited directly in the TSA on January 29, 2021, and were transferred to a newly created bank account outside the TSA on February 2, 2021.

Footnotes

- (a) Please note that federal fund classification as represented here is based on the fund classification at the point of transaction. Agencies regularly review cash transactions and make accounting adjustments that result in fund reclassifications.
- (b) Note that the Liquidity Plan will generally project a YTD deficit and surplus each week for Medicaid and CRF funding, respectively. This is due to deficit and surpluses carried forward from FY20 (FY20 federal receipts in excess of FY20 federal fund outlays and spending prior to CRF reimbursement) that were assumed to unwind throughout the first quarter of FY21 as funds received in FY20 were utilized, thus resulting in projected net cash flow deficits and surpluses for the full year FY21 in Medicaid funding (-\$51M) and CRF (\$42M), yielding a projected -\$9m net deficit projected for FY21. Aside from the aforementioned projected cash flow surplus and deficit, all other federally funded cash flows are assumed to result in zero net cash flow for the full FY20, and week-to-week variations are assumed to be timing related.

Puerto Rico Department of Treasury | AAFAF*Payroll / Vendor Disbursements Summary***Key Takeaways / Notes : Gross Payroll**

- 1.) Gross payroll is mainly tracking FY21 forecasts to date. Most variance is driven by DOE payroll variance, likely due to COVID-19 and the subsequently adjusted and abnormal school year.

Cumulative YTD Variance - Payroll by Agency (\$M) (a)**Key Takeaways / Notes : Vendor Disbursements**

- 1.) Total YTD vendor payments are less than projected, though there are various offsetting variances within. Disbursements on behalf of the Department of Education are \$228M lower than expected. This is offset by negative variance due to several items, including a portion of CARES Act assistance amounting to \$224M that was paid through the TSA on behalf of Treasury to vendors and subsequently reimbursed from the CRF account, which includes \$22M distributed for the Private Hospitals initiative during the week ended 12/18.

State Funded Budgetary Transfers Summary

Key Takeaways / Notes

- 1.) General Fund appropriations are generally executed throughout the year on a consistent basis in the first week of a given month. The amount transferred each month is usually the sum of the receiving entity's budgeted amount for FY21 divided into twelve, subject to a 2.5% holdback through the first nine months of the fiscal year. Other General Fund transfers and Other Fund transfers require the recognition of certain revenues within DTPR accounting records prior to sending funds to a receiving entity. Negative Other GF variance is driven by \$73M in funds reprogrammed from the FY20 Healthcare reserve account transferred to ASES to cover costs associated to the "Contract[s] for the provision of Physical Health and Behavioral Health Services under the Government Health Plan for the Commonwealth of Puerto Rico" between ASES and several Managed Care Organizations.

Tax Refunds / PayGo and Pensions Summary

Key Takeaways / Notes : Tax Refunds

- 1.) Tax refunds includes EITC distributions, refunds to individuals and seniors as well other tax credits. Variance to the Liquidity Plan is assumed to be temporary in nature and expected to reverse later this fiscal year.

YTD Tax Refunds Disbursed (\$M)

Key Takeaways / Notes : PayGo Receipts and Retirement Contributions

- 1.) YTD PayGo Receipts are higher than forecast due to payments received in FY21 from certain Component Units for FY20 and FY19 invoices. Such receipts from the State Insurance Fund, PRIDCO, and ACAA, totaling \$31.7M, \$12.2M, and \$5.3M, and through December 2020, respectively, are primary drivers of this variance. FY20 PayGo payments totaling \$6.0M from the Ports Authority received through the week ended 11/6 this fiscal year also contribute to this variance. Further details on the status of PayGo can be found in the monthly PayGo Report on AAFAF's website. YTD Retirement Contributions variance is temporary, and is expected to reverse in subsequent weeks.
